

RIP CURL

SEARCHGPS

TRACK EVERY WAVE • KNOW EVERY TIDE

Quick Start Guide

HOW IT ALL WORKS

The Rip Curl SearchGPS Watch and Search App are a revolutionary way to track your surf. You can now re-live your top speed, distance paddled, wave count and session time. Review your surfing stats live from the lineup as your watch connects to satellites orbiting the earth and calculates your speed, duration and distance.

** Watch may need charging before first use. GPS will not work indoors.*

WATCH NAVIGATION

The Rip Curl SearchGPS Watch has three simple buttons.

SELECT - provides access to highlighted feature.

UP - moves the selection upward.

DOWN - moves the selection downward.

LIGHT - press both up & down buttons together to activate light.

SETTING THE TIDE & TIME

One Touch Auto-Set

Set the tide and time data for your local break or 1,360 other tide locations with the One Touch Auto-Set function. Hold **SELECT** in time-mode to perform GPS Auto-Set.

TRACK YOUR SURF

Go Surf

Press **SELECT** and navigate to **MENU > GO SURF**.
Once satellite position is fixed press **SELECT > START SURFING**.

In The Surf

Navigate using the **SELECT** button to view your wave count, top speed, total distance and GPS location.

End Surf

Press **DOWN** button to navigate to **END SURF**, then press **SELECT**.

In Surf Options

**To improve GPS accuracy keep your watch above the waters surface when possible.*

SYNC YOUR SURF

The Rip Curl Search iPhone App

Get your stats from every wave and every session sent directly to your personal profile on the Rip Curl Search iPhone App.

Navigate to **MENU > SURF > SYNC** to pair your Rip Curl SearchGPS Watch via bluetooth with the Rip Curl Search App on your iPhone. Once connected, your sessions will download and appear in your feed for you to re-live.

** Bluetooth must be enabled on your iPhone for pairing to be successful.*

THE RIP CURL SEARCH APP

iPhone

Download the Rip Curl Search App from the iTunes App Store. It's your personal surfing logbook. Create a profile to showcase your surfs, locations and boards and share them with your friends. Follow and keep up to date with the Rip Curl pro team as they compete on the Association Of Surfing Professionals World Tour.

Desktop

Connect your watch to your computer using the USB charging cable provided. Download and install the latest software from www.ripcurl.com/searchgps. Follow the instructions to create and connect to your Rip Curl Search account.
