

Solstice Pod + Logitech SmartDock Spec Sheet

Logitech SmartDock provides a plug-and-play solution to expand Mersive Solstice's in-room collaboration experience to remote participants with Skype for Business. Enable users to start collaborating with Solstice the moment they walk into a meeting space and seamlessly invite remote participants to join via Skype for Business on the Logitech SmartDock.

Key Capabilities

- Wirelessly share content in-room from Windows, Mac, iOS, and Android devices.
- Start your Skype for Business meeting with one-touch join.
- Unify in-room wireless collaboration with remote video conferencing.
- Optional: Logitech MeetUp offers all-in-one ConferenceCam with integrated audio.

Installation Instructions

1. Set up the SmartDock.

- Plug in the SmartDock power supply and ethernet.
- Connect to the in-room display via HDMI.
- Optional: Connect the Logitech MeetUp ConferenceCam via USB.

2. Connect Solstice.

- Plug in the Solstice Pod power supply and ethernet (or attach wirelessly).
- Connect the Solstice Pod to the SmartDock HDMI input.

3. Enable Solstice on the SmartDock.

- Tap the gear icon in the bottom right corner of the Skype for Business user interface on the SmartDock.
- Tap the settings menu option and toggle on 'Auto Screen Sharing.'
