

Winter '18- Patch 2 Release Notes

Below is a list of the issues that have been fixed in the Winter '18 patch:-

- System Admin unable to edit Users custom profile fields
- Non-square profile image appearing on New Hires Tile
- Increase the max-width of the app logo in Header
- Being able to add the same custom field more than once
- Having to click twice to remove multi pick value
- Latest Page created not showing at the top of Latest Page Tile
- Custom profile field not appearing as editable when it should
- Allow multi select input field on My Settings
- Made multi select field searchable
- App Manager can make custom fields editable
- Pop up asking “Are you sure you want to leave this page?” appearing whenever you navigate to a new page
