

# Communication DNA Manual Form

# Communication DNA Instructions

The **Communication DNA**® Discovery Process provides detailed insights into your natural communication style and your preference for how you wish to be communicated with by others.

**1. Directions:** This is an assessment, not a test. Therefore there are no right or wrong answers.

**2. Please respond quickly on the basis of how you wish to be communicated and interacted with by other people.**

**Avoid agonizing over your choices.**

3. From each group of three phrases, indicate the one phrase that indicates how you MOST like to be communicated and interacted with by others by marking the box next to the word under the heading "**Most**".

4. Then indicate the one phrase that indicates how you LEAST like to be communicated and interacted with by others by marking the box next to the word under the heading "**Least**".

5. REMEMBER: In each group you should select only **one Most, one Least** and leave **one phrase unmarked**.

6. Allow up to 5 minutes to complete this assessment.

# Questions 1 and 2

When it comes to how you wish to be communicated with, please select one option for **Most** and one option for **Least** from the three choices below.
