

Learning Navigator 3.15 Release Notes

This document features all the enhancements and bug fixes included in the 3.15 product release. For detailed information on using any of Learning Navigator's features, please refer to the [Support Center](#).

Rubrics

Rubrics can be created and used to grade Free Response questions in assessments and collections. Please refer to the [support center articles](#) for details and screenshots on how to create a rubric, add it to a Free Response question, and grade the Free Response question using the rubric.

Partner Libraries

The Learning Navigator offers 9 Partner Libraries that can be remixed by teachers and shared with your students. [Partner Libraries](#) consist of courses, collections, assessments, resources and questions which teachers can remix and use. Partner Libraries contain content from leading organizations, K-12 school districts, and higher education institutions.

Partner	Content in Library
California Academy of Sciences	102 Resources

Concord Consortium	119 Resources
Excelsior College OWL	1 Course, 89 Collections, 532 Resources

The Learning Navigator’s content catalog includes metadata improvements for existing resources such as grade level, subject, and standards fields.

The catalog features new content in Spanish from <http://julioprofe.net/> and content in Norwegian from <https://kartiskolen.no>.

Content	Number
Resources	4.4 Million
Collections and Assessments	19 Thousand
Snapshot date: Sept 1, 2017	

Enhancements and Bug Fixes

Gooru fixed an issue on the Go Live dashboard and now shows all students enrolled in the class. Student cards with gray squares, indicated that the student has not yet started the assessment.

The screenshot shows the Go Live dashboard for an assessment titled "Assessment - Human Impact on Earth". At the top, there are navigation buttons for "Back" and "Launch Anonymous". Below this, three circular progress indicators are displayed: "Class Scores" (50% green, 50% red), "Average Score" (44% red), and "Completed" (50% blue). To the right, a list of 8 items shows progress bars for each, with 2/4 items completed. A legend below indicates score ranges: Not started (gray), 0-59% (red), 60-69% (orange), 70-79% (yellow), 80-89% (light green), 90-100% (dark green), and Unscored (blue). At the bottom, there are sorting options: "Sort by Average" and "Sort Alphabetically". A list of students is shown with their names, scores, and progress bars: Merry Pippen (87%), Gooru Student (0%), Kate Brooks (0%), and Mary Smith (0%).

Developer Center

The Learning Navigator's API's can be accessed through the build.gooru.org. You can access Gooru's growing number of APIs, tools and sample content. APIs and integration tools introduced in this release are:

- Search API
- Suggest API
- Crosswalk API
- Roster Sync API
- LTI/SSO Integration
- Player Widget Integration
