

ROLL CALL MESSAGING

Two-way communication to connect with families in any emergency.

ePACT's Roll Call Messaging provides the most efficient way for you to communicate via Text Message with your members and their families in critical times, and easily track their responses from a central dashboard.

- ▶ Customize your message to your members
- ▶ Use either pre-populated or custom response options
- ▶ Monitor all responses and activity from one, central dashboard

When Do You need Roll Call:

Evacuation

To notify parents of an evacuation and to confirm they will be picking-up their child

Disaster

To check in with members or staff after a disaster and enquire if they need or can provide help

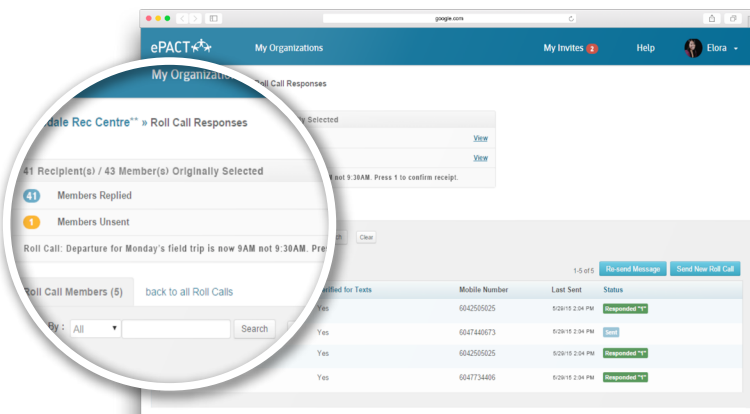

Alerts

To alert parents of a bus delay, and receive their acknowledgement of your message

Check In

To have your camp staff check-in when they are on a field trip or off-site

Contact your Account Manager for more details or to activate this feature.

+7.00/MEMBER/YEAR*

Send messages & monitor responses with Roll Call Messaging.

**Members must verify their mobile number in ePACT to receive Roll Call Messages. Roll Call Messaging includes Text Messaging module.*
