

Optimizing Google Chrome for PowerMyLearning Connect

Update Browser

To update your Chrome browser to the most up-to-date version, follow the steps below.

1. On the upper right side of the browser, look at the  icon to see if the dots are **green**, **orange**, or **red**. If this icon is any of these colors, your browser is out of date.
2. Click on the  icon to open the “more” menu and select **Update Google Chrome**.

Update Flash

To make sure Chrome has the most recent version of **Adobe Flash** installed, follow the steps below.

1. Type **chrome://components** into the URL bar at the top of your browser and press the **Enter** key.
2. In the list of components, locate **Adobe Flash Player** and click the **Check for update** button.

3. The update will start automatically. Once finished the button will read **Status – Component updated**.
4. Close all Chrome windows and restart the browser to complete this process.
5. If this does not work, go to <https://get.adobe.com/flashplayer/> to re-install the most recent version.

****Please restart your browser after any changes made.****

Allow Flash

To make sure Chrome is allowing **Flash** to run for activities in PowerMyLearning Connect, follow the instructions below.

1. Go to our homepage (<https://powermylearning.org>) and click on the green lock icon  located on the far left side of the browser's URL bar.
2. Click on the **Flash** menu options and select **Always allow on this site**.
3. If the **Flash** option is not available in the dropdown menu, click on the **Site settings** link.

4. The **Settings** page will open in a new tab. Here you can locate the **Flash** options.

Allow Pop-ups
