

Optimizing Firefox for PowerMyLearning Connect

Update Browser

To update your Firefox browser to the most up-to-date version, follow the steps below.

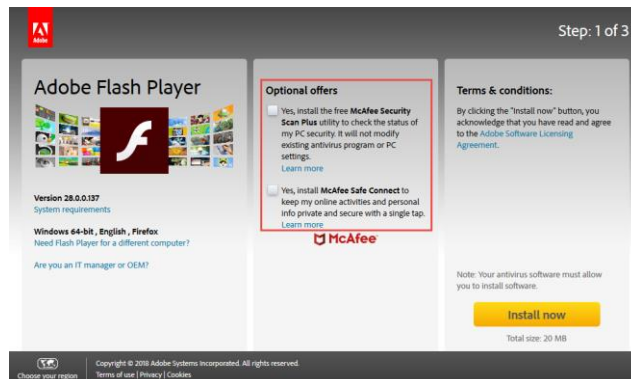

1. On the upper right side of the browser, click on the menu  icon and select **Help** and then **About Firefox**.
2. The **About Mozilla Firefox** window will open and will automatically check for and download any updates.
3. Once the update downloads and installs, click the **Restart to update Firefox** button.

Update Flash

Firefox updates Flash automatically. If the automatic update did not work, follow the instructions below.

1. Go to <https://get.adobe.com/flashplayer/> and follow the instructions to re-install the most recent version of Flash. Make sure to uncheck the boxes for any "Optional Offers" before downloading.

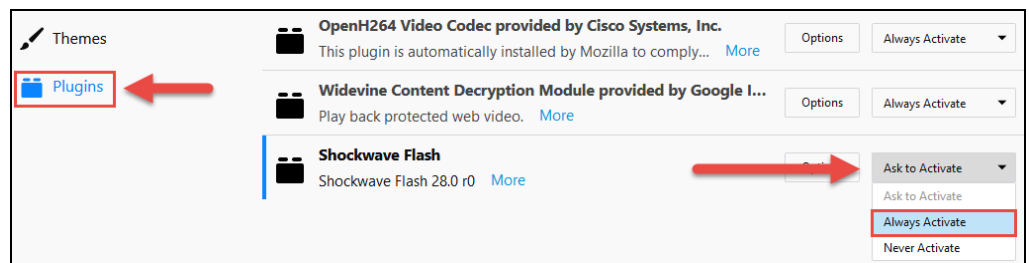

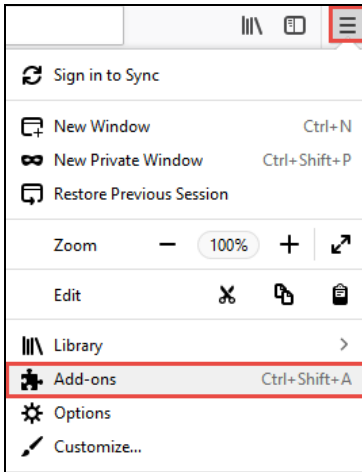

Please restart your browser after any changes made.

Allow Flash

To make sure Firefox is allowing **Flash** to run for activities in PowerMyLearning Connect, follow the instructions below.

1. Click on the menu ☰ icon and select **Add-ons**.
2. Navigate to the **Plugins** section and find the **Shockwave Flash** plugin.
3. Use the drop down menu to change the setting from **Ask to Activate** to **Always Activate**.

Allow Pop-ups

To make sure Firefox is allowing popups from PowerMyLearning Connect, follow the instructions below.

1. Click on the menu ☰ icon and select **Options**.
2. Click on the **Privacy & Security** tab and uncheck the **Block pop-up windows** box in the **Permissions** section.
3. If you only want to allow pop-ups from PowerMyLearning Connect, you can do that by clicking the **Exceptions** button.
