

2011-2012 AES Event Registration Instructions:

What's New?

1. Search Option to Simplify Event Entering – select event affiliation (USAV – then region, AAU, JVA, or other)
2. Registration With Delayed Roster Submission - Tournament Directors have the option to allow teams to enter an event without a roster, and later enter the roster by a specific date.

3. Faster Event Roster Creation – If a tournament director requires a roster for entry and you have more than 50 players eligible in your club for that division, simply enter the name to speed the process of adding players to your event roster.
4. Copy Roster – This feature still exists, if you build the roster during the registration process or login later via the [My Events](#) → [My Teams](#) option.

Important Notes Before Using AES to Simplify your Next Event

1. Go to [Advanced Event Systems](#) and enter your Username and Password if your club is already setup in our system. If you've forgotten your login credentials, use the Forgot Password or Support option.
2. If you're new to AES, click Register in the upper right corner and select - [Create Club Director](#)
 - a. Fill out Create Club Director Account form. Retain your Username and Password for future use.
 - b. You will be asked to enter a CLUB CODE, which is your 5 alpha code that is an abbreviation of your club name. USAV Clubs your Region has your club code.

Add Teams to Your Club:

1. Click **Add Team** button and fill out the form. To edit an existing team name, click the team name, make your edits and click Update.
 - a. **Rank is the rank of that team within your club within a specific age group. If you only have 1 team in that age group Rank is always 1. If you have three teams, the best team is ranked 1, and the third team is 3.

Adding Players/Staff to Your Club:

1. If your club is USAV Affiliated and you use Webpoint – take advantage of the USAV Data Import option. Click the USAV Import Link, enter Webpoint U & P, and ALL active data will import directly from Webpoint.

2011 AES Club Test - USAV Data Import

Contact USAV

For Club Directors in regions using the national registration system, enter Webpoint Username & Password.

For Club Directors in regions not using the national registration system, a Username and Password will be assigned upon written and approved request through the regional office to the national office.

Enter USAV Username & Password

Username:
Password:

Login

USAV Notes:

Club membership data will be imported into AES, to include (1) all current junior members, and (2) all current members with a current background screening.

- A current member is an individual with proper registration and payment to the region.
- A current background screening is one that has been processed and cleared, with an expiration date of October 31 of the current season or next season.

2. If your club is not affiliated with USAV or does not use Webpoint, click the Players tab to add players manually. Or, use the Sample CSV file to get your data, save, and use the import player feature. It's critical that the data you have in your CSV file matches the parameters on the Import Player page.
 - a. Add staff – same as Players but use the Staff Import example.

Enter Event:

1. Click [Enter Events](#) – use the filter options to filter event list - Click **Event Name** to begin
2. Verify the event requirements by division – click **REGISTER TEAMS**
3. Associate division selection with team - Click **UPDATE**
4. Click Build Roster if a roster is required for entry OR check the box to bypass Build Roster if the Tournament Director has that feature turned on.
